# WELCOME TO THE SCHOOL OF INFORMATION

Dear InfoShow22 Attendee,

I am so pleased to welcome you to the 11th Annual InfoShow, which is our first in-person InfoShow since 2019. Here you will have an opportunity to engage with the latest work from our students. Our four Master of Science programs prepare students to become librarians, archivists, museum professionals, user experience professionals, and data mavens, among other career options, and the work you will experience today captures the latest from these fields. I hope you find our vision—to *"empower people to improve lives and communities through information, knowledge, and culture"*—expressed in our student work.

Please note that more information on each project is available on the *InfoShow22* website, which you can find by scanning this QR code:

Enjoy the event,

Anthony Cocciolo, Ed.D.
Dean

THANK YOU TO...

Thank you to Prof. Chris Alen Sula for managing the #infoshow website. Thank you to our faculty for nominating and shepherding student work all the way through #infoshow and to graduation. Thank you to our session moderators for keeping our sessions moving smoothly this evening. Thank you to School of Information staff as well as staff from across the Institute for their hard work in making this event possible.

Lastly, thank you to all our student presenters and our 2022 graduating class!
